## Required Documents

### 1) High School diploma and its translation into Turkish.

If high school diploma of the applicant is neither in Turkish nor in English, Turkish Translation of the diploma is required. The applicants, who have not obtained their diploma yet, have to present an official document (temporary graduation certificate) that shows that the applicant is going to graduate and the possible graduation score of the applicant

### 2) Transcript of Records

The candidates have to upload their transcript of records that shows all of the courses taken during high school education approved by the Director of the High School. If transcript of records is neither in Turkish nor in English, translation of transcript of records is uploaded along with the transcript of records. The applicants who are attending another university or those who graduated from another university has to upload the transcript of records that shows the taken courses and grades as well.

### 3) Passport Copy

The applicants who have passport have to Show the original passport and present the copy of the passport page on which his/her photo and personal information are available.

## Evaluation of Applications and Placement of the Applicants

- 1) The evaluation of valid applications and placement of the applicants are carried out by International Student Admission Council to be constituted by Rectorate of Ankara Yıldırım Beyazıt University within the framework of the announced quota. This council may ask for the constitution of another evaluation committee that is free from faculties and departments.
- 2) **Country Barrage:** Applications are evaluated on condition that the number of applicants of some nationality does not exceed 20% of the number of international students placed to the university. This barrage is not applied if the number of quota allocated for international students is **not** reached.
- 3) During the process of placement of international students, evaluation of applications is carried out within the guidelines determined by University Senate.
- 4) The evaluation of the applications to the programs admitting student on the basis of Special Talent Examination are carried out within the guidelines determined by University Senate
- 5) After exact registration process, Rector determines whether additional placement is going to be done or not for the quotas allocated to international student to which not adequate number of student is placed.
- 6) Even if the number of applicants exceeds the quota as a consequence of the evaluations of International Student Admission Commission, the announced quota can not be exceeded.
- 7) If no application is done to a program or the number of applications to the program do not meet the quota, International Student Admission Council may do quota transfer to the programs except for the programs of Law, Medicine and Dentistry if it is demanded by the programs. However, the quota transfer cannot exceed quota determination limit indicated on 2/b article. Quota Transfer to programs to Medicine, Dentistry and Law is only possible with the decision of Higher Education Council.
